

"Road to the Future"
2009 Region 15 Spring Trek

Hosted by
Sun Country Iris Society

40th Anniversary

*Kickapoo Kangaroo
Brad Kasperek - 2008*

Welcome to the 2009 Region 15 Spring Trek “The Road to the Future”

Sun Country Iris Society is pleased to host the 2009 Region 15 Spring Trek. We chose to call our Trek the “Road to the Future” because we want to give special thanks to the hybridizers who sent their irises to participate in our Trek. Most of the guest irises in our Trek Gardens were introduced less than 5 years ago or they are still seedlings, waiting to be introduced. A total of 36 hybridizers answered our call for guest irises. Of these, seven are Region 15 hybridizers. They sent 251 varieties (652 cultivars) to be grown in our four Trek Gardens. We thank the hybridizers for their efforts and perseverance as they create the irises we will be growing in our gardens of today and tomorrow.

While it is true that we are future oriented, we’d like you to know that we are celebrating the past, too, because this is our 40th year as an official AIS club! We still remember many of our favorite iris varieties from many years ago. But, as we move forward into the future, we are looking for new favorites to add to our iris collections.

Our Trek Garden owners accepted the commitment more than two years ago to plant and grow the guest irises for this Trek. The gardens required a lot of planning and redoing to make space for the guest irises that would be moving into our gardens. The Edwards, Weber, Petterson and Kary Garden owners are now ready to share with all of us the beauty of their gardens.

In addition to the Garden Tours, we have several activities and events to be enjoyed during this Trek weekend. On Friday evening, Brad Kasperek will present a Judges Training on Show Bench judging. In-Garden judges training by Kathy Chilton will be offered on Saturday during the Garden Tours. The Zebra Gardens creator and owner, Brad Kasperek, will share with us some of his secrets on hybridizing his creations Saturday evening.

There are some beautiful Raffle prizes on display in the Executive Board Room along with the Door Prizes. We hope you will take the time to see what we have to offer.

Please vote as you are going through the Edwards Garden, Weber Garden, Petterson Garden and the Kary Garden. During the tour, please note that all "In-Region" tags are color coded with RED, with all "Out-of-Region" tags are colored BLUE. Enjoy! And do not forget to vote for the awards on the last page of this booklet.

Please enjoy the gardens, friends and food.

- Ardi Kary, Trek Chairman

Schedule of Events

Friday, April 17, 2009

<i>2:00 pm to 9:00 pm</i>	<i>Registration in the Lobby</i>
<i>5:30 pm to 6:30 pm</i>	<i>Region 15 Board Meeting (Executive Board-Room)</i>
<i>5:30 pm to 8:00 pm</i>	<i>Raffle (Phoenix Room)</i>
<i>5:30 pm to 8:00 pm</i>	<i>Dinner on your own</i>
<i>8:00 pm to 10:00 pm</i>	<i>Judges Training - Brad Kasperek (Phoenix Room) - all registered guests welcome to attend</i>

Saturday, April 18, 2009

<i>7:00 am to 8:00 am</i>	<i>Registration in the Lobby</i>
<i>8:30 am to 8:45 am</i>	<i>Busses load</i>
<i>8:45 am to 5:00 pm</i>	<i>Bus Tour (includes lunch at Petterson Garden and in-garden Judges Training following lunch)</i>
<i>5:00 pm to 7:00 pm</i>	<i>Raffle (Phoenix Room)</i>
<i>6:00 pm to 7:00 pm</i>	<i>Social Hour (Phoenix Room)</i>
<i>7:00 pm to 10:00 pm</i>	<i>Banquet - guest speaker Brad Kasperek (Phoenix Room)</i>

REGION 15 AWARD BALLOTS

*Vote your choice for the BEST cultivar in each of the categories listed below. You will find your ballot on the last page of this booklet inside the back cover. Fill in the blanks and give your ballot to your bus captain **before** you leave the bus at the end of the trek. Winners will be announced at the Awards Banquet on Saturday night.*

HERB HOLK AWARD

Best In-Region Introduced Iris Cultivar

This award is for the best named and introduced iris cultivar seen in the trek gardens from a Region 15 hybridizer

CLAIRE BARR AWARD

Best Out-of-Region Introduced Iris Cultivar

This award is for the best named and introduced iris cultivar seen in the trek gardens from an Out-of-Region 15 hybridizer.

BERNARD HAMNER AWARD

Best In-Region Seedling

This award is for the best numbered or named but not introduced iris cultivar seen in the trek gardens from a Region 15 hybridizer.

BEST SEEDLING AWARD

Best Out-of-Region Seedling

This award is for the best numbered or named but not introduced iris cultivar seen in the trek gardens by an Out-of-Region 15 hybridizer.

BEST SPURIA AWARD

This award is for the best named Spuria iris seen in the trek gardens

BEST LOUISIANA AWARD

This award is for the best named Louisiana iris seen in the trek gardens

Francell Edwards Garden

As soon as World War II ended, Francelle's mother ordered a large collection of irises for their ranch home near Coolidge, AZ. Francelle decided that she didn't like them because, beautiful as they were, the blossoms lasted such a short time.

Later when she married and moved to the Glendale area, she brought some of those old irises with her, keeping them for sentimental reasons. It was not until the late 1980's that she discovered modern irises that remained beautiful for a much longer time and started growing them herself. When she joined the Sun Country Iris Society in 1997 and won Best of Show with her first entry, she was hooked for good.

By 1999 she discovered hybridizing. Though her first efforts were not promising, she found the challenge exciting. By now, she has registered six. The garden is four fifths seedlings in various stages of growth and selection. She is particularly interested in irises with excellent substance and long bloom times. Her primary goal is to produce vigorous, distinctive, hopefully reblooming, pink Tall Bearded irises.

Notes

Jack & Bev Weber Garden

My interest in growing irises began in earnest about 45 years ago, when Bev and I bought our second home in Canoga Park. We knew our first home was to be very temporary, so we didn't plant any new flowers or shrubs there in North Hollywood.

Since my first plantings of 6 or 8 different cultivars would have been in the early '60's, I obviously didn't know what a real "modern" iris looked like, and neither did anyone else. But, by the time we'd lived to Montana for a few years (about 1980) I had the expensive experience of being shown a Schreiner's catalog and then I really became addicted. A couple years later, I had over 500 cultivars in our garden.

There were no iris clubs in the Kalispell area, so we needed to drive 100 miles each month to meet with the Missoula Iris Society – and we never missed a meeting thru rain, snow, ice or fog. Also, it was quite a challenge to transport stalks such a distance thru Montana potholes! But, our son won "Queen of Show" in 1985, with dad getting only 1st and 2nd runner up. Not a nice thing to do to a dad -- on Father's Day.

A move to Arizona in '87 really discouraged me from getting into growing iris again, as we didn't buy a home for 3 years. And, when we did, I'd already learned how difficult it was to grow them in this hot, arid climate. However, with great tutoring from real irisarians like Ardi Kary, I got thru those problems and now have 400 cultivars for your viewing in our garden. The front yard planters contain about 180 trek guests and the remaining 25 guests are in the large planter in the back yard.

Bev and I hope you will enjoy our efforts on your behalf

Jack Weber with an early bloom of 'Braggin' Rights' (Burseen - 2005)

Ardi Kary Garden

Ardi began growing irises in 1981 to share her Dad's love of irises. Her Dad, Les Peterson, had been growing and hybridizing irises since the 1940's. Ardi moved to her current location in the Arcadia area of Phoenix/Scottsdale, Arizona in 1983 and began making changes to the garden to accommodate all the irises she wanted to plant. The residential lot was a citrus orchard until houses were built in the 1950's; Most of the trees were left to surround each house with year-round greenery. Iris beds were the first features to be added. Next came fishponds, a gazebo with spa, bird aviary and more iris beds. Ardi began a commercial iris garden to introduce irises hybridized by her Dad.

There are more than 200 guest irises for the 2009 Region 15 Spring Trek in addition to all the types of irises that are in the garden: Tall Beardeds, Rebloomers, Arilbreds, Medians, Louisianas, Spurias and Pseudacorus.

Gary and Sharon Petterson Garden

Gary & Sharon Petterson share a love of gardening at their 1.5 acre ranchette in Gilbert. They each grew up with some iris and had collected a few. Then Charles Jenkins brought his spuria iris hybridizing project to their pasture and tended it until he had to "really" retire. In 2007 the Pettersons showed some new iris to Dr Jenkins and decided someone should pay better attention so they joined the Sun Country Iris Society.

After joining SCIS, they agreed to be a garden for the Spring 2009 Regional Trek. They renovated part of the pasture to a new Tall Bearded area. What a blessing to receive over 200 new fabulous Tall Bearded iris and other varieties and kept some of the iris collected previously. There are over 250 unnamed clumps of Spuria iris from Dr Jenkins as well as those for the Trek. Spurias are in a separate area to not be irrigated over the summer. The garden also is shared with Gary's variety vegetable garden, fruit trees, artichokes, blackberries, etc. Spring finds the front yard with its arid landscaping, ablaze with African daisies and a host of other flowers. The side and back yard share space with citrus, roses, and a collection of other plants.

The Pettersons have been in the nursery business since 1972 and own Gardener's World Nursery (www.gardenpro.net) in the historic Japanese flower grower's area on Baseline Road in Phoenix. They started Gardener's Eden Landscaping (www.gardenedenaz.com) in 1998 and include irises in landscapes as often as possible. Gary is a soil chemist and is always testing and developing new plants, fertilizers, biological enhancers and new concepts for gardening and landscapes. They offer many classes for both businesses as well as to the iris and other garden clubs

*A special thanks to all of the hybridizers who provided
irises for the Region 15 2009 Spring Trek.*

*Thank you to all of the Sun Country Iris Society Mem-
bers who worked tirelessly to make this event possible.*

*Thank you to the Sun Country Iris Society club members
who provided and cared for the guest Iris in their gardens.
Without their dedicated support, this trek would not have
been possible.*

Sun Country Iris Society
40th Anniversary
Trek Committee

Many thanks to all the Sun Country Iris Society members who made this event possible:

Notes

American Iris Society Region 15 Awards

Ballot

*All votes are based on irises seen growing in the gardens on the 2009 Region 15 Spring Trek. Please indicate your choice for the BEST cultivar in each of the categories listed below. Fill in the blanks and give your ballot to your bus captain **before** you leave the bus at the end of the trek. Winners will be announced at the Awards Banquet on Saturday night.*

HERB HOLK AWARD

Best IN-REGION Introduced Iris Clutivar

CLAIRE BARR AWARD
