

# *"The Magic of Iris"*

## *2018 Region 15 Spring Trek*

*Hosted by  
Sun Country Iris Society*

*Graphic by Malinda Anderson Portraits*

# ***Welcome to the 2018 Region 15 Spring Trek “The Magic of Iris”***

*Welcome Friends!*

*Sun Country Iris Society is looking forward to having both our old and new friends join us for the 2018 Region 15 Spring Trek. It's been 9 years since the last spring trek was held in Phoenix. Our club is continuing to grow with new names and faces, so if you joined us in 2009, you will not see the same gardens. The gardens selected for this year's trek are all very different and positively just as beautiful. We hope you enjoy them as much as we have enjoyed preparing them for you.*

*Why "The Magic of Iris" you ask? The Phoenix bird is a mythical creature associated with the worship of the sun. It's feathers are brilliantly colored and it was said to live in the deserts of ancient Egypt. The myth states that every 500 years or so when the Phoenix bird decides it's end is nearing, it builds a nest and sets itself on fire only to die in the flames. Magically, a new Phoenix bird rises from the dust and ashes. To us the Phoenix bird symbolizes the magic of growing irises in our Phoenix Valley. Our summers are hot, dry and dusty, but somehow, out of that dry soil, magically beautiful, brilliantly colored irises appear.*

*In addition to the garden tours, we also have two options for judges training planned, one Friday evening and the other while in the garden on Saturday. We'll be lunching at the Arizona Heritage Center in Tempe, AZ where we'll enjoy food, friendship and learn a little something about Arizona's history. Each attendee will receive free entrance to the museum, so eat quickly to ensure you have time to roam the halls!*

*Once the tours are over and everyone has had a minute of relaxation, it will be time for a magical cocktail hour and dinner. We'll conclude our Trek Saturday evening when one of the best, Steve Schreiner, will share his knowledge of irises with us.*

*While you're in Phoenix we hope you take advantage of all there is to see and do. Why not stay a day or two extra? April is one of the most spectacular months in Arizona. Don't miss out on the Desert Botanical*

*Garden, a living museum with over 50,000 plants, the Boyce Thompson Arboretum, beautiful any time of year, located just outside of Phoenix in Superior, AZ or maybe the Musical Instrument Museum with more than 6,600 instruments from 200 countries around the world. We also have a multitude of new restaurants that are just begging to be tried. What about sitting out on the patio, enjoying the warm evening along with a glass of wine? Check your gift bag for a list of more interesting places to see.*

*If you have any questions or concerns while you're visiting, feel free to reach out to any of our club members. (You can identify us by our shirts). We want to make your visit as comfortable and enjoyable as possible.*

*- Kyria Peavy, Trek Chairman*

## ***Schedule of Events***

### ***Friday, April 20, 2018***

|                            |  |
|----------------------------|--|

## ***Schreiner's Gardens - What We Do***

*Steve Schreiner is a 3rd generation co-owner (along with his sister Liz and brother Ray and Ray's son Ben) of Schreiner's Gardens in Salem, Oregon. Steve grew up working in the fields and it's practically all he's ever done.*

*Some of his duties include setting up the Flower Show, supervising the Retail Order operation, Photography, catalog writing and the shipping department.*

*Steve was born in St. Paul, Minnesota in 1945. The following year the Gardens moved to Salem.*

*He was born 14 years after his Grandfather F.X. Schreiner, the founder of the business, died. In Steve's years at the Gardens, he's seen the rise and subsequent attrition of big wholesale orders, the flood of '96, Mt. St. Helen's '80 eruption which coated iris blossoms with gray ash, the decline of hungry summer student workers, and Mexicans' major role in the labor force, as well as the growing percentage of online orders.*

*Steve lives in Portland with his wife Sarah. His stepson Finian's wife Emma just made Steve a Grandpa.*

## **REGION 15 AWARD BALLOTS**

*Vote your choice for the BEST cultivar in each of the categories listed below. You will find your ballot on the last page of this booklet inside the back cover. Fill in the blanks and give your ballot to your bus captain **before** you leave the bus at the end of the trek. Winners will be announced at the Awards Banquet on Saturday night.*

### **HERB HOLK AWARD**

#### ***Best In-Region Introduced Iris Cultivar***

*(In-Region plant labels are marked with a **blue** sticker)*

*This award is for the best named and introduced iris cultivar seen in the trek gardens from a Region 15 hybridizer*

### **CLAIRE BARR AWARD**

#### ***Best Out-of-Region Introduced Iris Cultivar***

*This award is for the best named and introduced iris cultivar seen in the trek gardens from an Out-of-Region 15 hybridizer.*

### **BERNARD HAMNER AWARD**

#### ***Best In-Region Seedling***

*(In-Region plant labels are marked with a **blue** sticker)*

*This award is for the best numbered or named but not introduced iris cultivar seen in the trek gardens from a Region 15 hybridizer.*

### **BEST SEEDLING AWARD**

#### ***Best Out-of-Region Seedling***

*This award is for the best numbered or named but not introduced iris cultivar seen in the trek gardens by an Out-of-Region 15 hybridizer.*

### **BEST SPURIA AWARD**

*This award is for the best named Spuria iris seen in the trek gardens*

### **BEST LOUISIANA AWARD**

*This award is for the best named Louisiana iris seen in the trek gardens*

## ***Denise & Bill Stine's Garden***

*Bill and I were introduced to gardening through our grandparents when we were children and developed our passions there. When Bill was in college he took a botany course and spent time at Descanso Gardens which affirmed his gardening passion. Denise traveled throughout Europe and Canada and loved visiting the gardens and could not wait to put that love to work in her own garden. When we got married, we spent our weekends in our own garden growing flowers, fruits and vegetables in Sausalito. Moving to Phoenix we found we had a lot to learn about gardening in the desert. We started growing tall bearded Iris which did well and brought much needed color and beauty to our garden.*

*As a trek garden our first challenge was to reconfigure our garden to accommodate the guest iris. Our second challenge was to keep the guest iris in good condition during an unusually hot summer. It seemed that anything that could go wrong, did.*

*We felt very fortunate to have received so many iris from so many hybridizers, which include some that we would not have selected ourselves. After all things considered, the ups and downs, we are grateful for the experience (sometimes trauma) and the comradery of our fellow gardeners.*

*We look forward with great anticipation for great success.*

*Denise and Bill Stine*

Total Guest Iris Count = 104  
 TB = 98    BB = 1    IB = 2    SDB = 2

## *Notes*

## ***Cheryl & Al Dreska's Garden***

*The iris beds at the Dreska home got their start as a legacy affair. Al's mother Ludmilla brought some rhizomes from Wisconsin to Phoenix during a relocation in the early '80s. By 2012 when she passed away at the ripe old age of 95 she had a yard full and efforts were undertaken over the summer to move rhizomes to Scottsdale for preservation. As part of this effort, Cheryl started a mission to identify the purple iris that had been so prolific. This undertaking took her to Ardi Kary's garden and then on to Superstition Iris Gardens where the first major financial investment in this adventure was made. Five years later, Al and Cheryl have more than 1000 varieties split between homes in Arizona and Wisconsin. And, no, the purple iris has yet to be identified - it looks like 'Baldwin', a Sass iris dating back to 1927. During the Trek, the beds in Scottsdale will contain over 500 different varieties (a mix of bearded and non-bearded) along with the guest plants.*

Total Guest Iris Count = 106  
 TB = 100    BB = 2    IB = 2    SDB = 2    SPU = 2

## *Notes*

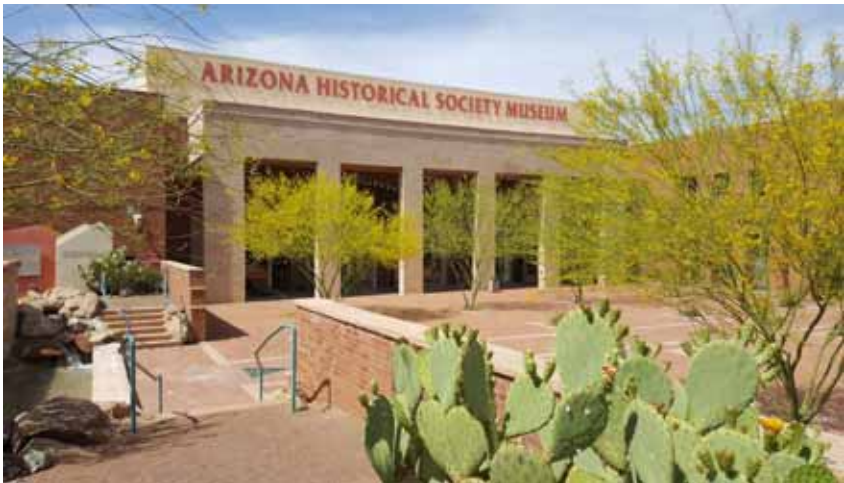

-- *Lunch* --

***Arizona Historical Society Museum***

*1300 North College Ave., Tempe, AZ*  
*(admission included in Trek registration)*

*Explore Arizona's history with a tour of our Centennial Museum. Take a trip through time, from western frontier days to war times and the post war building boom. Learn how water makes life possible in the desert, and discover the beauty and variety of Arizona's vast natural resources. Marvel at the breathtaking desert vistas as you wander through our outdoor spaces.*

*Nestled against the base of beautiful Papago Park, the museum features exhibits spanning more than 100 years of Central Arizona history, making it the perfect place to enjoy the best of Arizona's past and present.*

## *Notes*

## ***Kyria Peavy's Garden***

*Welcome to my small urban garden located in the Central Phoenix Historical District of Windsor Square. The earliest homes in Windsor Square were built in 1929 and the most recent homes as late as 2017. My home was built in 1948, purchased by my grandparent's in 1950 and was where my mother spent the majority of her teenage years. Since this was my mother's home, it made renovating the house and creating the gardens even more special. I never really thought of my grandparents as gardeners, but they did have some purple and white irises in the side garden a couple of which remain today in my parent's yard. Both my parents, however, have always loved gardening and I guess that rubbed off on me. Our backyard in Buffalo was always full of tulips, irises, crocus, peonies, chrysanthemums, daffodils and more. After moving here, I really missed all the beautiful flowers that grow back East, which is why I was so thankful and excited to learn irises actually grow here!*

*In 2013 the front and back yards consisted of two pecan trees and one overgrown fig tree. Both yards were basically a blank canvas. We slowly added to it by completing the front gardens in December 2013, the gazebo and surrounding gardens in 2015 and the remainder of the raised beds in 2016 just in time to plant for the 2018 Region 15 Spring Trek! I'll never be the best gardener and I think my thumb may be a little on the brown side, but I'm hoping you will enjoy the tranquility of my little garden in the city as much as I do.*

*I want to say a special thank you to everyone who helped with readying the garden for the trek, my husband for completing all his "todos" in record time, Melissa, Mary and Cathy (High school friends who flew in from Buffalo and Boston to help), Bob Buchwald for assisting with the cactus garden, Ardi Kary and the rest of the gang from Sun Country Iris Society for sharing their knowledge of irises. .*

Guest Iris Count = 104  
TB - 100   SDB = 2   IB = 2   LA = 1

## *Notes*

## ***Nancy Evans's Garden***

*My interest in gardening began at an early age as my parents were farmers in New York. My father continued farming after we arrived in Phoenix and that's when I had my own little garden. I love to see things grow and share my bounty and knowledge with others.*

*When the opportunity to participate in the 2018 Trek was presented I was excited with the challenge since iris are one of my favorite flowers. I wanted to incorporate the English garden with the country vegetable garden. It proved quite a challenge. Why does grass always grow where you do not want it.*

*I had filled in my pool years ago in order to have more room for fruit trees and garden space. With that said you could say I do container gardening on a large scale. There are also raised beds and small containers to tend to the needs of different plants. I like the challenge of growing vegetation that hasn't been adapted to the low desert. Some have worked and others are a work in progress.*

*Without the help of family and friends this project would not have materialized. I hope you enjoy Wildflower Farms as much as I have constructing it these past few years.*

*Total Guest Iris Count = 103*

*TB = 99    IB = 2    SDB = 2    SPU = 3*

## *Notes*

*A special thanks to all of the hybridizers who provided  
irises for the Region 15 2018 Spring Trek.*

*Thank you to all of the Sun Country Iris Society Members who worked tirelessly to make this event possible.*

*Thank you to the Sun Country Iris Society club members who provided and cared for the guest Iris in their gardens. Without their dedicated support, this trek would not have been possible.*

*Thanks to all of the members and vendors who contributed time and donated items for the silent auction, raffle and bus prizes.*

*Vendor donors:*
